

March 25, 2025

Reminder:

Geyer Frequency Control Products does not produce any of our Frequency Product in China.

Geyer does not have any Chinese factory locations. Geyer does not impose any Tariffs on any Frequency Control Product that we Manufacture and sell Worldwide. This is Geyer Munich Corporate Policy which has been in place since 1992.

Any OEM, CM, Distribution Channel Partner, RF, Component, Hardware, Design Engineer, or Supply Chain Manager that does not want to be subject to a 25% Tariff line-item invoice charge on their Frequency Control Product BOM's should contact Dave Stantley, Director of Business Development/FAE Geyer USA Frequency Control Products for alternate sourcing. Geyer will provide a cross/quote/electrical/mechanical direct drop in replacement Frequency Control Device to support your clocking tree and support this effort with no charge samples and free shipping for qualification.

Contact Geyer USA via email: stantley@geyer-usa.com
